

## *Pomegranate-Lime Syrup*

YIELD: ABOUT 1 CUP

*Full of antioxidants, pomegranate juice has a beautiful flavor and color. This invigorating soda is a great way to get a boost any time of day.*

2½ cups pomegranate juice

¼ cup raw cane sugar

Juice of ½ lime

In a medium pot, combine the pomegranate juice and sugar. Bring to a boil over high heat, and stir to dissolve the sugar. Let the liquid reduce to 1 cup, 12 to 15 minutes. Be careful to keep a close eye on the mixture toward the last few minutes, so it doesn't over-reduce. Remove from the heat, and stir in the lime juice. Refrigerate in a covered container for up to 5 days.

***To make Pomegranate-Lime Soda:*** Stir 1 to 2 tablespoons Pomegranate-Lime Syrup, or to taste, into 8 ounces (1 cup) seltzer.
